
Company Profile

WE ARE
LAIVE AI

Built to help you lead

- Powered by data

- Driven by AI

"Companies that delay AI adoption will lose ground to those that don't." - Eric Schmidt

About Us

We are an AI-native IT Advisory & Implementation firm that helps organisations generate **more revenue** and **scale bigger** using technology.

Leveraging technology, data and AI, we make organisations **operate faster, sell smarter,** and **support customers better.**

We design and deploy production-ready solutions that integrate seamlessly into **real business operations**

OUR FOCUS IS SIMPLE

Turn AI into a competitive advantage that delivers measurable results.

Our AI Product - #1

01. LAIVE ENGAGE

Laive Engage automates and enhances your sales operations with intelligent AI agents that engage prospects, qualify leads, and drive conversions — around the clock.

Key Capabilities

- Lead qualification and routing
- Inbound and outbound engagement
- Appointment scheduling
- CRM updates and sales insights

Outcome

- Faster sales cycles
- Higher conversion rates
- Consistent pipeline growth

Our AI Product - #2

02. LAIVE ASSIST

Laive Assist delivers always-on customer support and engagement through AI agents that handle routine inquiries, escalate intelligently, and improve over time.

Key Capabilities

- 24/7 customer support
- Ticket handling and resolution
- Intelligent escalation to human teams
- Continuous learning from interactions

Outcome

- Reduced support costs
- Faster response times
- Improved customer satisfaction.

Our AI Product - #3

03. LAIVE AUTOMATION SUITE

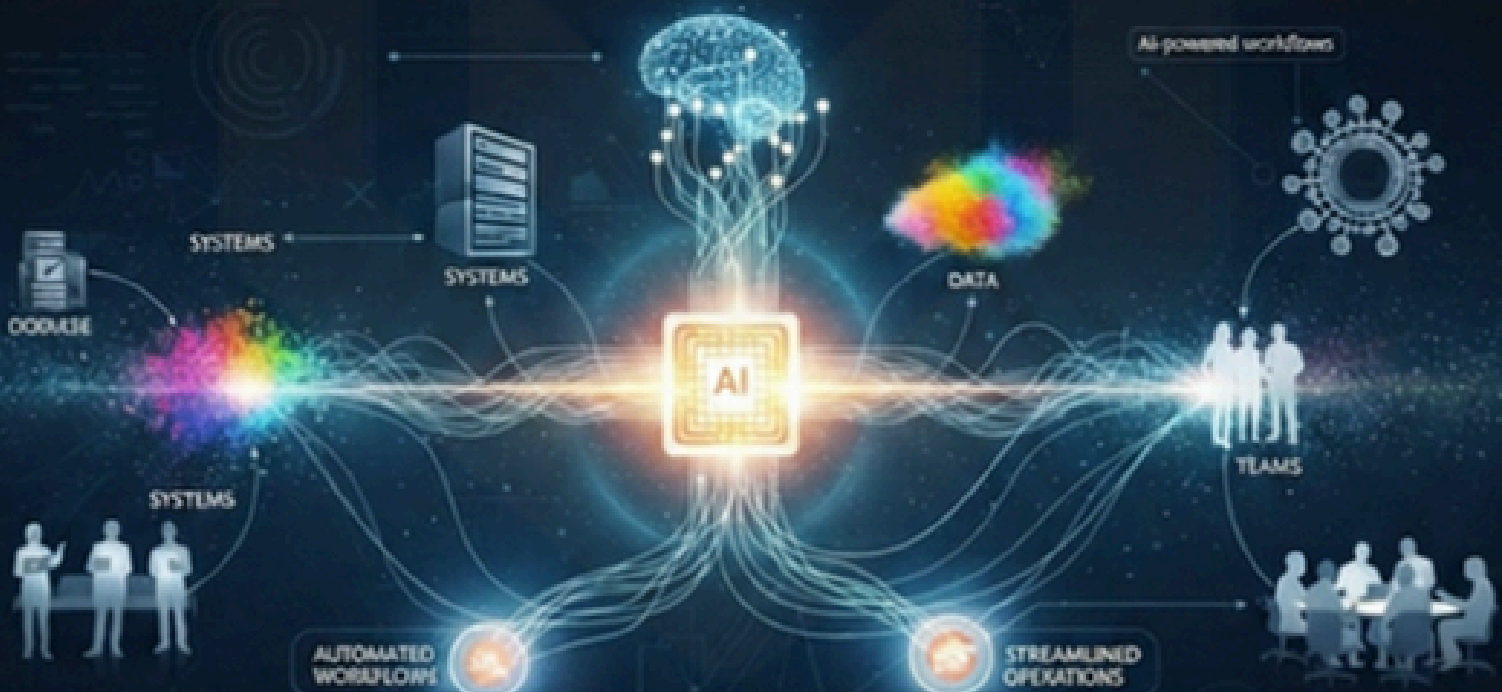

Laive Automation Suite connects systems, data, and teams through AI-powered workflows that eliminate manual work and operational bottlenecks.

Key Capabilities

- End-to-end process automation
- System and API integrations
- Data orchestration and handoffs
- Intelligent decision logic

Outcome

- Greater efficiency
- Fewer errors
- Scalable operations.

Why Choose **Laive AI**

01. OUTCOME-DRIVEN, NOT TOOL-DRIVEN

We start with your business goals, then design the right AI workflows to achieve them.

02. ZERO HIRING BURDEN

You get AI-driven capabilities without needing to recruit new talent & realize up to 50%-60% ROI

03. RISK-MANAGED DEPLOYMENT

We handle architecture, security, and integration

04. TAILORED TO YOU

Not one-size-fits-all. Every solution is built around your operations

We Basically Provide The Right AI Solutions
To Help You **Dominate your industry**

It's 2026

AI adoption is no longer optional

The question isn't if AI will reshape your market — it's
who moves first.

CONNECT WITH US TODAY TO BUILD:

AI that makes you **more money**,
saves you more time, and **reduces operational errors** in
your business.

AI that works **24/7**, **no days off**, **no annual leaves**, and **no
HR hassle**.
